

Who are we?

The Marana Police Volunteers Foundation is a nonprofit, charitable, tax-exempt organization whose purpose is to solicit donations from the community in order to provide equipment and general support for the Marana Police Department's citizen's volunteer support group, Volunteers In Police Service. The VIPS, as they are known, are part of a national organization of police department volunteers.

What do the VIPS do?

Marana's VIPS are trained, uniformed Marana residents or business owners who patrol the community in marked vehicles. Their responsibilities include reporting suspicious activity, providing increased visibility in areas of elevated criminal activity and assisting with traffic control at accident scenes or community events. They also perform other specialized activities such as handicap parking enforcement, which do not require the services of a sworn law enforcement officer.

Additional activities include fingerprinting, clerical support and assistance with community outreach programs, such as vehicle identification number (VIN) etching, child ID and prescription medication disposal.

Why should I contribute?

The Town of Marana recognizes the value of the VIPS and supports the program by providing extensive training, patrol vehicles, fuel and maintenance, support equipment, basic uniforms and safety equipment. However, there is a need for additional uniform and support equipment to increase patrol effectiveness and personnel safety, and help reduce response time to priority situations. Some examples:

- Vehicle identification numbering
- Equipment
- Uniform duty belts, radio and flashlight holsters
- Child ID computers and supplies
- Jump suits for rapid response
- Flashlights
- Individual two-way radios
- Additional uniforms
- "Rapid Response" kits
- Vehicles
- Binoculars
- Mobile data terminals
- Cameras
- GPS units

Volunteer patrol

Traffic control/
